

INTEGRATED SYSTEM

The Integrated System Manager Series was developed with a clear objective, a Public Address System that was reliable and easy to use. A single box solution suitable for virtually any small-to-medium scale Public Address system application. The Integrated System Manager Series consist of the Master Unit with a built in power amplifier making it an extremely easy to deploy standalone PA System.

FEATURES

- Built-in 600W power amplifier.
- Provide 12 zones extension to TID-206/TID-212.
- Internal amplifier monitoring & standby amplifier changeover.
- Internal amplifier overload protection.
- Internal fan.

Technical Specification

TID-206E	
Rated Power Output	600 W at 100 V line
Output Zones	12 Zone
Frequency Responses	20 Hz - 20 kHz
Amplifier Changover	Built-in
Protection Circuit	Over current & short circuit protection with resettable fuse
Power Requirement	220 ~ 250 Vac, 50/60 Hz or 24 Vdc, 25 A
Dimensions (W x H x D)	430 x 132 x 500 mm
Material & Finish	Mild Steel Casing, Textured Black
Weight	26 kg
